

# Hands-on Introduction to Video Editing on Your PC

*3 Sessions* – Starting Saturday, September 12, 2020

No Charge – Open to All Residents

## Learn PC Video Editing Using Corel VideoStudio

Taught by Dr. Tom Nash

Saturdays – September 12, 19, and  
26, 2020 at 10 am online via Zoom

*For the first time, Dr. Tom Nash will offer his basic introduction to video editing – probably the Video Club's most essential class for PC users – online via Zoom.*

Says Tom: “Your choice: bore your audience with unedited video, put your video clips away and never show them, or learn to edit and amaze your audience! Once you learn the basics in this introductory class using Corel VideoStudio, editing is fun – and your friends and family will love you for it!”

Learn to trim and combine clips, create titles and transitions, and much more, using your PC computer equipped with VideoStudio X7 or later. ***Taking the full three-session class is strongly recommended.***
